PROGRAM OF ACTION FOR GENDER SENSITIZATION

We are committed to the cause of gender sensitization and understanding the sensitive needs of a particular gender. Education is the catalyst for change and the gender sensitive issues can be addressed using this tool. With an aim of sensitizing staff and students on gender issues, a yearly Program of Action has been chalked out at GDC Baramulla.

The college adheres to the different regulatory bodies and the recommendations are implemented in letter and spirit. The PoA is in accordance with the circulars of these regulatory bodies.
