Post accreditation initiatives

Improvements for the observations of NAAC Peer team during NAAC Accreditation Cycle 1

The College was accredited with grade B++ by the NAAC in 2005. However the NAAC peer team has observed certain areas of concern which need to be addressed by the institution. The Suggestions have been made in the evaluative report of the peer team. The suggestions have been seriously taken by the college administration and improvements have been made wherever possible. Below are some of the improvements which have been achieved by the college keeping in view the suggestions made by the NAAC peer team in its evaluative report of the last accreditation.

.

✓ Post graduation course has been started in Mathematics since last six years and has shown promising result during period.

✓ The college library has been fully automated. All the necessary activities of the library are computerized

✓ The College also subscribe to about 5000 online books and research journals through **inflibnet**, which is accessible to students round the clock free of cost.

✓ All the departments are provided broadband internet facility

✓ Wi-Fi and LAN connectivity has been installed in the campus connecting more than 100 computers with internet in different departments.

✓ Teaching aids have been enhanced since the last accreditation by providing facilities like

   ★ Facility of IP boards with visualizers has been installed in 6 major departments

   ★ Many departments have been provided LCD projectors

   ★ Two separate Smart Class Rooms equipped with modern aids like in desk computers, audio facility smart board etc. have been made functional.

✓ To augment the existing infrastructure, College has managed construction of a separate block for Commerce and Computer Application Department; a prefabricated class room building has been recently completed and two such structures are under construction, besides am 8 classroom block is also under construction.

- ✓ The Canteen and Recreation hall have been renovated
- ✓ The College Auditorium has been fully renovated and provided with state of the art audio-visual facilities
- ✓ In addition to the existing boys hostel, one more hostel for boys has been constructed and made operational to cater to about a total of 100 students.
- ✓ Separate girls hostel with a capacity of 60 students has been renovated and made operational.
- ✓ In order to augment the existing land resources, the process for acquisition of 13.6 kanals of land has been initiated and the amount for acquisition kept at the disposal of the District Collector.
- ✓ The Computer Applications Department of the College conducts separate orientation courses in basic of computer knowledge for teaching as well as technical staff of the College.
- ✓ The teaching positions are transferable and decided by the Govt. However the Govt has been requested for making the necessary arrangements to overcome the shortage of permanent teaching faculty.
- ✓ Functional English course has been started in the college.
- ✓ Career counselling cell has been made more proactive.
- ✓ Safe drinking water facility has been made available in the campus through installation of Aquaguards at various places in the campus.
