

List of Students with mismatch/uncorrected APAAR ID's

It has been found that a number of students have correction in APAAR and the official dta. As such the students are advised to get their data rectified from any ADHAR center. The students are advised to use the name/spellings, DOB and other entries same in the adhar as in their school records. Further students are informed to submit a copy of correct APAAR IDs to the examination cell as soon as possible.
